

4 Courses

Cloud Computing Foundations

Cloud Virtualization, Containers and APIs

Cloud Data Engineering

Cloud Machine Learning Engineering and MLOps

Oct 3, 2026

Sharmake Hassan Said

has successfully completed the online Specialization

Building Cloud Computing Solutions at Scale

By completing this Specialization, you have developed the job-ready, pragmatic skills needed for careers that leverage Cloud-native technologies, including (1) building websites involving serverless technology and virtual machines, using the best practices of DevOps; (2) creating effective Microservices using technologies like Flask and Kubernetes that are continuously deployed to a Cloud platform: Amazon Web Services (AWS), Azure or Google Cloud Platform (GCP); (3) using cloud solutions to address complex data engineering solutions; and (4) applying Machine Learning Engineering to build a Flask web application that serves out Machine Learning predictions.
